PIE JUNKIE AND BAKERY

is a Calgary-based business that makes pie
just the way your grandmother did ...

*from scratch, with an
all-butter-pastry and made by hand!*

We make all of our fillings and pastry in-house with no preservatives or chemicals using the same ingredients you would at home... only you don't have to! Our pies are baked fresh every day in our stores and can be taken home and enjoyed that day or easily frozen to enjoy another time.

We offer a complete line-up of both sweet and savory pies for you and your family to enjoy any day of the week. Our flavours change with the seasons so there is always something new to try! Visit our website to see our current flavours.

Our **Easy-As-Pie Fundraising Program** allows your not-for-profit group to pre-sell vouchers that can be used in any one of our four locations in Calgary, at any time, on any of our products, and have no expiry date. We offer \$25 and \$50 vouchers for sale with no up-front commitment or cash outlay. **You only pay for what you sell and earn 15% on every voucher sold!**
